## **Application for Connection to the NEV Water Network**

This application form must be completed and approved prior to making a connection to any network infrastructure for which NEV Water is the Licensee under the Water Industry Competition Act (2006). All network connections must be approved by NEV Water prior to it being made.

If approved, this application does not absolve owners, builders, developers or any other party, from complying with obligations they are required to meet under any other codes or standards, development application, or any statutory or regulatory requirements.

All applications must be accompanied by a copy of the NSW Fair Trading Notice of Work for Plumbing and Drainage Works.

Within 21 days of the connection being made NEV water requires the following documents.

- NSW Govt - Office of Fair Trading Certificate of compliance for plumbing and drainage work
- Sewer service diagram – which shows the underground connection from the house to the sewer connection
- Plumbing and drainage plan – which shows all water (hot, potable cold, non-potable cold (lilac), tank water) and wastewater connections within the building. This plan needs to show that there is no cross connection and that the non-potable lilac supply has only been connected to toilets.

Please note a charge will be made for the cost of the connection and to supply the water meter. This will be invoiced to you at the completion of the connection.

For customers who are purchasing an existing property you need only complete the first 2 sections of the application form.

In both cases, new connections and purchase of an existing property, NEV Water customers should also read the NEV Water contract which contains important information regarding the installation of water and sewer services on your property. You are responsible for ensuring that your builder/contractor conforms to these requirements.

A copy of the contract can be found here. [NEV Water Contract 19 03](#)

For further information, please contact NEV Water on (02) 4328 1588 or email NEV Water on [water@nararaecovillage.com](mailto:water@nararaecovillage.com).
